

Homework for Session 3

You should have cleaned your house spiritually by now and selected a space to construct an altar. Read pgs 82-87 of Jambalaya and review the notes on altar building from May 7 lecture. Be sure to burn your burdens under the influence of the Blue Moon in Sagittarius.

Decide on the kind/size of altar you want to build and gather materials. Then read pages 239-244 of Jambalaya and write an invocation to the directions. Remember to incorporate the material on sacred times, sacred sounds, and sacred places in creating your invocation.

(Keep working on your bio-cultural ancestry. We will return to that later)
